1.0 Purpose

The “*Mystery of Myanmar*” event aims to celebrate and showcase Myanmar’s rich cultural heritage through performances, role plays, dances, and music. It will serve as both an entertaining and educational experience for the AIU community, highlighting Myanmar’s history, its current socio-political situation, and the resilience of its people.

Objective: The primary goal is to foster cultural appreciation, unity, and mutual respect among AIU students by creating an immersive and engaging cultural program. The event will also provide Myanmar students with an opportunity to express their heritage, share their personal experiences, and demonstrate their contributions and accomplishments to the AIU community.

Justification: In AIU’s multicultural environment, there is a growing need for initiatives that bridge cultural understanding and encourage open dialogue. Myanmar’s diverse traditions and

contemporary challenges are often unfamiliar to many international peers. This event offers a valuable opportunity to address that gap, promote inclusivity, and strengthen the cultural fabric of AIU.

Stakeholder Benefits:

- **Myanmar Students** – Gain a platform to proudly showcase their culture and achievements, boosting morale and community engagement.
- **International Students** – Gain a deeper understanding of Myanmar’s traditions and present-day realities, fostering empathy and global awareness.
- **AIU as an Institution** – Enhances its reputation for supporting diversity, cultural exchange, and student-led initiatives.

Desired Outcome: By the conclusion of the event, participants will have developed a greater appreciation of Myanmar’s cultural richness and current realities. Measurable outcomes will include strong audience engagement, positive feedback from attendees, and strengthened bonds between Myanmar students and the broader AIU community.

The budget support from CSAA will ensure a high-quality execution, covering essential expenses such as venue decoration, cultural costumes, props, and technical requirements necessary to deliver an impactful and memorable event.

2.0 Background

The AIU Myanmar Students’ Association (AMSA) annually organizes cultural events to preserve and share Myanmar’s traditions with the AIU community. This year’s event, *“Mystery of Myanmar”*, will be held on **September 19, 2025** and is designed to be more comprehensive, combining traditional and modern performances with storytelling, video showcases, and role plays depicting life in Myanmar.

Current Situation: Myanmar students at AIU come from diverse backgrounds but often face limited opportunities to share their cultural heritage and real-life experiences with the wider AIU community. The current socio-political climate in Myanmar has also created challenges for youth, including disruptions in education, economic instability, and social hardships. These circumstances present an important opportunity to use cultural events as both a celebration of heritage and a platform for awareness.

Historical Context: In 2024, AMSA successfully hosted *“Golden Thabin”*, a vibrant cultural showcase that became a hit among the AIU community. The event strengthened community bonds and generated high interest in Myanmar culture. *“Mystery of Myanmar”* event will serve

as a follow-up, building on that success with fresh concepts, more diverse performances, inclusion of the achievements of Myanmar students for the year 2024/2025, and enhanced audience engagement.

Challenges/Needs: Despite AIU's multicultural environment, there remains a cultural knowledge gap regarding Myanmar's history, traditions, and current situation. Many international peers are unfamiliar with the daily lives, struggles, and aspirations of Myanmar youth. There is a need for a well-structured program that combines entertainment with education to address these gaps, foster empathy, and promote intercultural understanding.

Relevance: This proposal is timely and necessary, as it aligns with AIU's mission to promote diversity, global unity, and mutual respect among students. By addressing both the historical richness and the current realities of Myanmar, the event will not only entertain but also inspire dialogue, strengthen community bonds, and highlight AIU's role in shaping the future of its students.

3.0 Objectives

The following are the objectives of the "*Mystery of Myanmar*" event:

1. To present Myanmar's diverse culture through traditional dances, music, and attire.
 2. To raise awareness about the historical and current realities in Myanmar.
 3. To strengthen community bonds and mutual respect among AIU's multicultural population.
-

4.0 Justification

Benefits & Impact:

The "**Mystery of Myanmar**" event will serve as a vibrant platform for enhancing cross-cultural awareness within the AIU community. It will promote diversity and inclusivity by showcasing Myanmar's unique heritage alongside international performances. The program will also provide an avenue for students to display their talents, thereby fostering confidence, creativity, and intercultural appreciation.

Problem Solving:

The event directly addresses the cultural knowledge gap between Myanmar students and the wider AIU community. Through storytelling, performances, interviews, and visual presentations, it will offer valuable insights into Myanmar's traditions, history, and current socio-political realities, strengthening understanding and empathy among students from different backgrounds.

Value Addition:

A distinctive feature of this year's event is the **Showcase of AMSA's Achievements** through a series of video interviews and highlight reels prepared by the Media Team. This segment will document and present:

- **Outstanding Myanmar Students Interviews** (academic achievements, sports success, SRC leadership, web system development for AIU by Myanmar Students, and others).
- **AIU Management & Partner Feedback** (interviews with the Vice Chancellor, management staff, and collaborators who have worked with Myanmar students on impactful projects).
- **2024/2025's Leadership Term Review** (highlighting major activities such as Project Hope, flood and earthquake relief efforts, cultural week prizes, educational programs, sports collaborations, and community service initiatives).
- **Project Hope Video** (featuring teaching activities and volunteer contributions).

By incorporating this achievement showcase, the event not only entertains but also inspires, recognizing the contributions of Myanmar students and encouraging greater collaboration within AIU.

Feasibility:

The event is highly feasible, as it is organized by experienced **AMSA** committee members with the support of dedicated volunteers, a skilled Media Team, and specialized subcommittees for content, decoration, logistics, and stage management. Clear responsibilities and a detailed plan ensure efficient execution.

Alignment with Goals:

The "Mystery of Myanmar" event strongly supports AIU's mission of fostering global unity, embracing cultural diversity, and encouraging active student engagement. It directly reflects AIU's 5 Core Values (5As)—**Aqidah (Belief), Akhlaq (Virtue), Adab (Ethics), Amanah (Responsibility), and Amalan (Conduct)**—by inspiring students to appreciate cultural diversity, act with integrity, and take responsibility in promoting unity across diverse backgrounds.

The proposal also advances the **3ZERO** goals:

- **Zero Poverty** – Empowering students through educational awareness that fosters empathy, intercultural understanding, and a collective drive to contribute towards poverty alleviation.

- **Zero Unemployment** – Providing opportunities for leadership, teamwork, and event management that enhance students’ employability and practical skills.
- **Zero Net Carbon Emission** – Implementing sustainable practices such as reusing decorations, minimizing waste, and choosing eco-conscious materials wherever possible.

Furthermore, the program embodies the **8-Hour Rule** by contributing to the “8 hours for helping others” segment through AMSA’s impactful extracurricular initiatives. For instance, **the Qur’an Burmese Translation Enhancement Project**, conducted in collaboration with IIIT Myanmar, involved 22 AMSA volunteers meticulously reviewing and refining the Burmese translation of the Qur’an—ensuring linguistic accuracy and spiritual accessibility for Burmese-speaking Muslims worldwide. Similarly, **Project HOPE** empowers over **97 Rohingya refugee children** in Northern Malaysia through weekend lessons in literacy, numeracy, science, and computing, supported by more than **50 Myanmar student volunteers** who serve as teachers and mentors.

These ongoing initiatives, along with “Mystery of Myanmar,” strengthen intercultural bonds, promote service to humanity, and complement the “**8 hours for education**” aspect of the rule through cultural learning and awareness. By doing so, the program supports AIU’s holistic development philosophy and contributes strategically to its vision of producing socially responsible, culturally aware, and community-oriented graduates.

6.0 Conclusion and Recommendation

Conclusion

The “*Mystery of Myanmar*” event is a unique and timely cultural initiative designed to unite the AIU community in celebrating Myanmar’s rich heritage. It will serve as both a cultural showcase and an educational platform, blending traditional performances, modern creative expressions, and international collaborations. By restating our main objectives—to foster cultural appreciation, strengthen community bonds, and raise awareness of Myanmar’s history and current realities—we reaffirm that this proposal directly addresses the need for deeper intercultural understanding and inclusivity at AIU.

Its importance lies in the positive, lasting impact it will have: enriching AIU’s multicultural environment, empowering Myanmar students to share their stories, and inspiring all participants to embrace diversity. This event will not only preserve cultural heritage but also build empathy and solidarity among students from different backgrounds.

Recommendation

To bring this vision to life, we respectfully request **CSAA’s approval for a budget allocation of RM 655**. These funds will be used to cover essential expenses such as stage decorations, technical setup, backdrop arrangements, and necessary event materials—ensuring an immersive, professional, and memorable experience for the audience.

Specific Actions:

1. Approve the proposed budget allocation of RM 655.
2. Confirm logistical support, including venue access and equipment assistance.
3. Facilitate resource allocation by the first week of September 2025 to allow adequate preparation time.

Proposed Timeline:

- **Early September 2025** – Procurement of materials and setup arrangements.
- **Mid-September 2025** – Final rehearsals and technical checks.

- **19 September 2025** – Event day.

Final Statement:

We are confident that with CSAA's support, the *"Mystery of Myanmar"* event will be a resounding success—strengthening unity within AIU, promoting cultural awareness, and leaving a lasting impression on all who attend. Your approval will transform this vision into a meaningful reality for the entire AIU community.
